

# MY ACCOUNTS AT A GLANCE.

Hi, I'm Claire Evans, Marketing Director at Legal & General Investments.

Welcome to our new and improved 'My Accounts' tool – the easy way to check, manage and keep up to date with your Legal & General investments online.

My Accounts makes it easy for you to manage your investments wherever you are in the world.

It's more convenient than ever to make new investments or top up your existing funds. You just log on, select the fund or funds you'd like to buy and follow the simple process.

You'll find a wide range of investments to suit different needs.

If your investment needs have changed or you want to invest in a new Legal & General fund, you can also switch from your current fund to one of our other funds.

If for whatever reason you decide to sell part, or all of your investments with us, you can do it through My Accounts.

As one of the largest providers of stocks and shares ISAs in the UK, we'll also keep you informed about investment news and expert views so that you can feel confident in your decisions.

If you've got any queries, you can send our UK-based customer services team an email via our secure message service and they'll get in touch.

Register online with My Accounts and you'll gain access to an easy, convenient online tool for managing your investments. Plus if you're unsure how to use the tool you can watch the step-by-step video guide to using the service so you'll feel confident finding your way around.

Best of all, it's free, secure and easy to use.

Take a look for yourself and find out how it works on our website.
